

PDCENSUS2010 DEMOGRAPHICS

The population, household, group quarter, and housing unit demographics provided are the most important part of the **pdCensus2010**. They are tabulation summaries based on the *2010 Census Summary File 1*, released June–October 2011; the *2010 Census Summary File 1 Urban/Rural Update*, released September 2012; and the *2010 Census Congressional District Summary File*, released April 2013.

Census summary file data contains information compiled from questions asked April–August 2010 of all people and about every housing unit. Population variables include total count, urban/rural, gender, age, race, and Hispanic or Latino origin. Households and group quarter population variables include household type, household size, family size, and population in group quarters. And housing units variables include total count, urban/rural, occupancy status, tenure (whether a housing unit is owner-occupied or renter-occupied), and vacancy status. Selected aggregates, averages, and medians also are provided.
